Student Art Show 2007

GALLERY HOSTS FOURTH ANNUAL HIGH SCHOOL ART SHOW

The 2007 Student Art Show offers an impressive display of work by some very talented young artists in our area. This diverse show includes 135 pieces by 114 students representing Jamestown, Lafayette, Bruton, Walsingham, and Williamsburg Christian Academy.

Special thanks goes to Brian Kreydatus, Associate Professor in the Art/Art History Department at the College of William & Mary (pictured right), for judging the show and for giving insightful comments on each piece receiving an award at the Student Reception. The teachers, families and friends of the student participants filled the gallery to its capacity, and maintained an amazing hush during the awards and Professor Kredatus's remarks. Congratulations to the Student Award Winners, and thanks to everyone who helped to make this show another great success. This annual event highlights the gallery's important role in the greater Williamsburg community!

Christina Mitchell (left) from Jamestown High School was awarded **FIRST PLACE** for Peter, Charcoal. Mr. Kreydatus noted, "Great mood and handling of materials. Nice attention to facial structure and variety of marks at edge of forms".

SECOND PLACE was awarded to Jane Kidd (right) of Bruton High School for Ancestors, Digital Photography. "Terrific composition. Repetition of rectangle leads our eye through picture plane in interesting way. Nice to see off the main track subject matter", Brian Kreydatus.

Chris Corrigan (left) from Jamestown High School was awarded **THIRD PLACE** for his body of work: Hannah and Daily Grind, Graphite/Ink. "Effective two pronged approach to art- tightly rendered portrait exploring value and then looser expressive piece from memory." Brian Kreydatus.
